Ricerca	Clinical evaluation of intrarectal sedation in uncooperative cats undergoing non-invasive medical/ diagnostic procedures	<i>Ongoing</i>
	Ultrasound guided endovascular access in the dorsal metatarsal artery in dogs undergoing general anaesthesia	<i>2019</i>
	Evaluation of eutetic lidocaine/prilocaine cream for jugular blood sampling in cats	<i>2019</i>
	The clinical effect of xylazine premedication, ketamine induction and maintenance with isoflurane in air/oxygen mixture in water buffalo calves (<i>Bubalus bubalis</i>) undergoing general anaesthesia for a closed castration surgery	<i>2019</i>
	Gastric and esophageal content in dogs undergoing myelographic computed tomography: A descriptive retrospective study	<i>2018</i>
	Pharmacokinetic and pharmacodynamics of a clinical and supra-clinical dose of alfaxalone in non premedicated pigs	<i>2017</i>
	Propofol vs alfaxalone intubation in pigs from the pharmacodynamic point of view	<i>2017</i>
	A novel approach for regional anaesthesia of the auricular region in horse: the clinical trial Project conception, data collection and elaboration data	<i>2016</i>
	A novel approach for regional anaesthesia of the auricular region in horses: an anatomical and imagine study Project conception, data collection and elaboration data	<i>2015</i>
	Alfaxalone constant rate infusion during isoflurane anaesthesia in midazolam, morphine and ketamine premedicated pigs	<i>2013-2014</i>
	Comparison of Clinical Effects of Epidural Levobupivacaine Morphine vs Bupivacaine Morphine in Dogs undergoing Elective Pelvic Limb Surgery	<i>2011-2012</i>
	Validation of the Italian version of the Glasgow Pain Scale Data collection	<i>2011</i>
Evaluation of the analgesic efficacy of ropivacaine 0,25% and ropivacaine 0,5% in axillary plexus block in dogs Data collection and project conception	<i>2010-2011</i>	
The effects of intravenous lidocaine before propofol induction in premedicated dogs Project conception, data collection and elaboration data	<i>2009-2010</i>	
Insegnamento	Docente in " anesthesiologia e terapia del dolore del cavallo" 15 ore <i>Scuola di specializzazione in medicina e chirurgia del cavallo</i> <i>University of Teramo, Italy</i>	<i>Giugno</i> <i>2018</i>
	Attività di tutorato sull'approccio e gestione clinica dell'anestesia dei piccolo e grandi animali	<i>Giugno-</i> <i>Novembre</i>
