# Alessandra Zaffiro

Facilitator for sustainability  
and graphic recorder

## Experience

---

○ 2020 - now

Zaffiro\_visuals - Self employed

### Facilitator for sustainability and graphic recorder

I host conversations and programs - both offline and online - to support individuals and organizations in their journey toward a sustainable future, taking into consideration both the environmental and the social sides following the Natural Step framework. Furthermore, in order to break the complexity of the systems and conversations we are part of for a deeper understanding, I create graphic recordings - both online and offline - rich pictures and visuals to support the learning journey.

○ 2020 - 2022

Leading from love

### Facilitator for sustainability and graphic recorder

We co-create and facilitate transformational safe spaces where everyone is empowered to lead from love, practice it and commit to it. And from this expanded awareness provide individuals and collectives with the support needed to find innovative ways to be part of the transition towards a regenerative future. We offer expertise in Leadership capacity building, Cultural Transformation, Team Dynamics, Leadership and culture for sustainability. Our offerings combine different tools and processes with contemplative practices. We co-create together with our clients and hold space for everyone to step into their leadership.

Online and offline facilitation and graphic recording.

○ 2019 - 2020

Mundekulla - Sweden

### Sustainability consultant

I supported together with a team of facilitator the Mundekulla organization in their transition towards sustainability. We defined the vision, we explored creative ideas and organized them into an action plan following sustainability principles. On site work.
