

CONTINO, Giovanni

Personal information

Nationality: Italian

Gender: M

Short biography

Giovanni has had a successful career supporting organizations and individuals through change. Working previously with Yamaha and Ducati Motor Company and now with Contino & Partners Consulting, he has addressed the challenges facing both small companies and multi national organizations, collaborating with clients at operational and strategic levels to deliver business value.

Giovanni is a adjunct professor at University of Bologna where he is involved in the design, development and delivery of master and executive level programs, with a specialism in Lean Management, Supply Chain strategy and Procurement.

Giovanni believes that the combination of his practical experience in these areas, with advanced academic thinking creates a powerful combination for his clients and students.
