

CURRICULUM VITAE

DOMENICO RICUCCI

DATI PERSONALI:

Studio: Piazza Calvario, 7
87022 Cetraro (CS)

TITOLO DI STUDIO:

1982 Laurea in Medicina e Chirurgia con 110/110 e lode
Università degli Studi di Roma "La Sapienza".

1985 Specializzazione in Odontostomatologia con 70/70 e lode
Università degli Studi di Roma "La Sapienza".

ABILITAZIONE PROFESSIONALE:

1982 Abilitazione all'esercizio della professione Medica

ASSOCIAZIONI:

Società Italiana di Endodonzia (Socio Attivo).
Accademia Italiana di Endodonzia (Socio Attivo)
European Society of Endodontology ESE (Active Member).
American Association of Endodontists AAE

COMMISSIONI PROFESSIONALI:

- | | |
|------|---|
| 1999 | Member of the Research Committee of the European Society of Endodontology |
| 2001 | Rieletto: Member of the Research Committee of the European Society of Endodontology |
| 2003 | Rieletto: Member of the Research Committee of the European Society of Endodontology |
| 2006 | ESE Quality Guidelines Sub-committee. Quality guidelines for endodontic treatment: consensus report of the European Society of Endodontology. International Endodontic Journal. 39:921-930, 2006. |

ESPERIENZA CLINICA:

- | | |
|-----------|---|
| 1983-2023 | Proprio studio professionale in Cetraro (CS) |
| 2004-2011 | Proprio studio professionale in Roma insieme al Dr. A. Grosso |

ESPERIENZA DIDATTICA:

- | | |
|-----------|---|
| 1990-2023 | Corsi privati in Italia |
| 1997-2004 | Istruttore di Endodonzia
Corsi Nazionali A.N.D.I. (Associazione Nazionale Dentisti Italiani) in Endodonzia (teorici e pratici) |
| 2002-2003 | Professore a contratto di Cariologia 2. Facoltà di Odontoiatria – Università degli Studi Magna Græcia di Catanzaro. |
| 2015-2023 | Professore a contratto presso il Master in Endodonzia Clinica dell'Università di Cagliari. |
| 2015-2022 | Professore a contratto presso il Master in Clinical and Surgical Microendodontics. Università di Torino. |

ESPERIENZA DI RICERCA:

1988-1994

Collaboratore presso il Laboratorio di Istopatologia per la ricerca sui Biomateriali Department of Endodontics - University of Connecticut (USA)

1997-2009

Collaboratore presso il Dipartimento di Endodonzia e Diagnosi Orale, Faculty of Odontology, Göteborg University (Sweden)

1998-2023

Dirige un proprio laboratorio di Istopatologia. Campi di ricerca: risposta tissutale alle procedure ed ai materiali endodontici; risposta tissutale alla carie; risposta tissutale alla malattia parodontale; risposta pulpare ai “restauri adesivi”.
Eziologia dei fallimenti endodontici. Rigenerazione dei tessuti pulpo-dentinali.

PARTECIPAZIONI COME ORATORE A CONGRESSI, CORSI, SEMINARI (NAZIONALI E INTERNAZIONALI)

Giugno 1985

Copanello (CZ) Prolegomena Odontoiatrici. La tecnica della condensazione laterale della guttaperca.

Luglio 1987

Cetraro (CS) Corso AMDI. La terapia chirurgica e conservativa della lesione cronica periapicale.

Ottobre 1988

Milano. AMDI. Le possibilità di otturazione del c.d. endodonto inaccessibile.

Novembre 1988

Montecatini (PT) 9° Congresso SIE. La condensazione laterale della guttaperca con cloroformio. Studi sperimentali e verifiche cliniche.

Dicembre 1988

Roma. 7° Congresso Odontoprogess. Le possibilità di otturazione del c.d. endodonto inaccessibile.

Febbraio 1989

Cosenza, AMDI. La conservativa e l'Endodonzia nella pratica quotidiana.

Novembre 1989

10° Congresso SIE. Montecatini. Studio istologico sulle reazioni dei tessuti pulpo-parodontali alla medicazione intermedia con idrossido di calcio nell'uomo. Risultati preliminari.

Dicembre 1989

CURRICULUM VITAE: DOMENICO RICUCCI

8° Congresso Odontoprogess, Roma. I processi di guarigione dei tessuti pulpo-periapicali dopo il trattamento endodontico: controlli istologici.

Novembre 1990

11° Congresso SIE. Montecatini. Gli ultimi 2 millimetri in terapia endodontica: verifiche istologiche tramite prelievi apico-periapicali.

Aprile 1991

Catanzaro, Corso (8 ore). Il trattamento endodontico alla luce delle recenti acquisizioni istologiche. Basi teoriche e tecniche correnti.

Marzo 1991

Aprile 1991

Luglio 1991

Settembre 1991

Corso teorico-pratico di Endodonzia Dentalia - Calabro Dental Crotona (120 ore).

Novembre 1991

12° Congresso SIE. Montecatini. La terminazione apicale della strumentazione e dell'otturazione endodontica.

Giugno 1992

2nd IFEA World Congress. Paris, France. Apical limit of endodontic obturation.

Luglio 1992

Ottobre 1992

Corso teorico-pratico di Endodonzia Dentalia - Calabro Dental Crotona (60 ore).

Novembre 1992

13° Congresso SIE. Montecatini. Canali laterali e trattamento endodontico: basi istopatologiche e implicazioni cliniche.

Giugno 1993

Ragusa, AMDI. Corso (12 ore). Endodonzia: 2 Scuole a confronto.

Giugno 1993

1° Congresso Regionale AMDI Calabria. Cittadella del Capo (CS). L'enigma del canale laterale.

Maggio 1993

Luglio 1993

Corso teorico-pratico di Endodonzia Dentalia - Calabro Dental Crotona (60 ore).

Novembre 1993

Congresso AIE. Montecatini. Successi e insuccessi in endodonzia. Raffronto tra quadro clinico/radiologico e situazione istologica.

Novembre 1994

CURRICULUM VITAE: DOMENICO RICUCCI

Palermo, Amici di Brugg Sicilia.

Novembre 1994

Congresso AIE. Montecatini. Chiusura laterale e verticale. Tecniche a confronto.

Maggio 1995

Connecticut University (USA) Seminario (3 ore). Treatment of flare-ups. Tissue response to Ca(OH)₂ medication. Comparison of the clinical effects of Metacresylacetate to Ca(OH)₂.

Maggio 1995

Universidade Federal de Uberlândia (Brazil). Seminario (3 ore). Apical limit of root canal instrumentation and obturation.

Giugno 1995

Endodonzia - Corso Teorico – Pratico. Orthocheck II – Napoli (28 ore).

Giugno 1995

3rd IFEA World Congress. Rome, Italy.

Ottobre 1995

Lamezia Terme (CZ), Corso AIO (8 ore). Il recupero pluridisciplinare dell'elemento gravemente compromesso: basi biologiche e considerazioni meccaniche.

Ottobre 1995

Novembre 1995

Palermo, Corso ANDI. Corso di Endodonzia teorico/pratico (32 ore).

Novembre 1995

Tel Aviv, Israel, 7th Biennial ESE Congress. A radiologic, histologic, microbiologic study of the pulp wound and the periapical tissue following endodontic therapy.

Dicembre 1995

Vibo Valentia, Ordine dei Medici (6 ore). Corso di aggiornamento: Piccola chirurgia ambulatoriale.

Gennaio 1996

Endodonzia - Corso Teorico – Pratico. Orthocheck II – Napoli (28 ore).

Marzo 1996

Foggia, AIFO (8 ore). Controversie in Endodonzia.

Giugno 1996

Corso Avanzato di Endodonzia e di Chirurgia Endodontica. Orthocheck II – Napoli (16 ore).

CURRICULUM VITAE: DOMENICO RICUCCI

Giugno 1996

Cosenza, Cenacolo Odontostomatologico Calabrese. Aspetti controversi in Endodonzia (8 ore).

Ottobre 1996

Foggia, Corso ANDI. Le motivazioni biologiche in conservativa e Endodonzia.

Novembre 1996

Corso teorico di Endodonzia. Associazione Nazionale Dentisti Italiani Milano (24 ore).

Novembre 1996

Congresso SIE. Verona. Opzioni terapeutiche nell'approccio all'insuccesso endodontico.

Novembre 1996

Palermo, Amici di Brugg Sicilia.

Aprile 1997

Corso teorico-Pratico in Endodonzia Orthocheck II Napoli (36 ore).

Giugno 1997

Unusual root canal anatomy: diagnosis and management. Göteborg, Sweden, 8th Biennial ESE Congress.

Settembre 1997

Foggia, VII Giornate Odontoiatriche Daune. Aspetti biologici e microbiologici nella preparazione del canale radicolare.

Ottobre 1997

Corso teorico di Endodonzia. Promoden - ANDI Milano (24 ore).

Novembre 1997

Congresso SIE. Verona. Nuove tecnologie nella strumentazione e nell'otturazione del canale radicolare. A quali valutazioni devono essere sottoposte?

Gennaio 1998

Corso pratico di Endodonzia Promoden – ANDI Milano (32 ore).

Febbraio 1998

Göteborg University, Sweden. Seminario Lateral canals and endodontic treatment (3 ore).

Aprile 1998

Corso teorico-Pratico in Endodonzia. Orthocheck II Napoli (40 ore).

Aprile 1998

Crotone, Associazione Odontoiatri Calabresi. Corso pratico di Endodonzia (16 ore).

CURRICULUM VITAE: DOMENICO RICUCCI

Novembre 1998

Congresso SIE. Verona. L'intervento chirurgico endodontico. Motivazioni biologiche.

Giugno 1999

Istanbul, Turkey. TDA - FDI 6th International Joint Congress. (2 ore)
Apical limit of root canal instrumentation and obturation.

Ottobre 1999

Zagreb, Croatia. Factors affecting long-term results of endodontic treatment. A radiologic, histologic, microbiologic study. 9th Biennial ESE Congress.

Novembre 1999

Congresso SIE. Roma. Gli argomenti controversi della moderna Endodonzia.

Febbraio 2000

Marzo 2000

Maggio 2000

Corso teorico-pratico in Endodonzia. New Orthocheck Napoli (72 ore).

Marzo 2000

Collegio dei Docenti. Roma. Restauri adesivi e reazioni pulpari (20 min.)

Agosto 2000

Debate Internacional de Endodontia, Uberlândia, MG, Brazil. The restoration of the teeth endodontically treated (4 ore).

Luglio 2000

Settembre 2000

Ottobre 2000

Corso teorico-pratico in Endodonzia. New Orthocheck Napoli (72 ore).

Settembre 13-16 2000

V Congreso Internacional, Lima, Peru. Curso: Profundización en Endodonzia (4 ore)

Settembre 29-30 2000

X Giornate Odontoiatriche Daune, Foggia. Relazioni endodontico-parodontali (2 ore)

Novembre 25 2000

ANDI Savona. Aspetti controversi in Endodonzia (8 ore)

Dicembre 2000

Congresso SIE. Roma. Quale futuro in Endodonzia?

Dicembre 2000

Congresso ANDI – Amici di Brugg. Palermo.

CURRICULUM VITAE: DOMENICO RICUCCI

Evoluzione dei concetti e delle tecniche per il successo in Endodonzia
(2 ore)

Marzo 16th 2001

8° Congresso Nazionale del “Collegio dei Docenti di Odontoiatria”.
Roma. La storia senza fine dei canali laterali.

Gennaio 2001

Febbraio 2001

Marzo 2001

Corso teorico-Pratico in Endodonzia New Orthocheck Napoli (72 ore).

Agosto 22 2001

University of Connecticut (USA). Seminar for Endodontic Postdoctoral
Students (1 hour). Periapical tissue response to bacterial invasion of the
root canal system.

Ottobre 5 2001

Munich (Germany) The 10th Biennial Congress of the European
Society of Endodontology. Coronal leakage and endodontic failure: A
histobacteriologic study of clinically treated teeth (30 min).

Gennaio 19 2002

Corso ANDI. Catanzaro. Aspetti controversi in Conservativa ed
Endodonzia (8 ore).

Febbraio 23-24 2002

Corso ANDI. Foggia. Endodonzia biologica – Tecniche a confronto (12
ore).

Marzo 9th 2002

ANDI. Salerno. Emergenze endodontiche (1 ora).

Marzo 23 2002

Pesaro. XI Simposio AIOP Adriatico (Accademia Italiana di
Odontoiatria Protetica). La preparazione protesica dell'elemento dentale:
Aspetti biologici endodontici (1 ora).

Maggio 23-24-25 2002

Milano – ANDI Corso Pratico di Endodonzia (24 ore)

Novembre 9 2002

Pescara ANDI 3° Congresso Regionale. Aspetti biologici endodontici
nella riabilitazione orale (2 ore)

Novembre 16 2002

Verona 23° Congresso Nazionale SIE. Incidenza di cisti tra le lesioni
periapicali umane. Aspetti istopatologici e implicazioni cliniche (45
min.).

CURRICULUM VITAE: DOMENICO RICUCCI

Novembre 27-28 2002

Crotone Centro Studi Dentalia. L'Endodonzia secondo la Scuola Biologica: tecniche a confronto (12 ore).

Dicembre 6 2002

Palermo VI Congresso ANDI – Amici di Brugg. Morfologia del sistema endodontico: canali facili e canali complessi (1 ora).

Dicembre 16 2002

Toronto University (Canada). Seminar for Endodontic Postdoctoral Students. Human periapical lesions: a histopathological and histobacteriologic study. Coronal leakage. Does it really affect the outcome of endodontic treatment? (2 ore)

Dicembre 19 2002

University of Connecticut (USA). Seminar for Endodontic Postdoctoral Students. Reasons for root canal failures: a histobacteriologic study of clinically treated teeth. (2 ore)

Febbraio 8 2003

Reggio Calabria. Cenacolo Odontostomatologico Calabrese. Aspetti controversi in Endodonzia (8 ore).

Febbraio 14 2003

Università degli Studi di Milano. Aspetti istopatologici nel trattamento endodontico (8 ore).

Febbraio 28, Marzo 1 2003

Catania. Aspetti controversi in Odontoiatria restaurativa e in Endodonzia (16 ore).

Marzo 22 2003

Pescara. ANDI. Aspetti controversi in terapia endodontica (8 ore).

Maggio 21-22-23-24 2003

Milano. ANDI. Corso pratico di Endodonzia (32 ore).

Maggio 30-31 Giugno 20-21; Luglio 18-19 2003

Pescara. ANDI. Corso pratico di Endodonzia (48 ore).

Giugno 7 2003

Salerno. ANDI. Aspetti controversi in terapia endodontica (8 ore).

Ottobre 2 2003

Athens, Greece. 11th Congress of the European Society of Endodontology. Defining the apical limits of root canal cleaning, shaping and obturation (45 min).

Novembre 29 2003

CURRICULUM VITAE: DOMENICO RICUCCI

Torino. Congresso Nazionale SIE. Endodonzia preventiva. Quando è possibile stabilire clinicamente se il trattamento endodontico può essere evitato? (30 min).

Febbraio 5-8 2004

Guanajuato (Mexico) XVIII Seminario Internacional de Endodoncia. Biological aspects of the Endodontic treatment (12 ore).

Aprile 2-3 2004

Roma. Corso pratico di Endodonzia (16 ore).

Aprile 16 2004

London (UK) Seminar for Endodontic Postdoctoral Students (1 ora). Periapical lesions. A radiologic, histopathologic, and histobacteriologic study.

Aprile 30– Maggio 1 2004

Roma. Corso pratico di Endodonzia (16 ore).

Maggio 28-29 2004

Roma. Corso pratico di Endodonzia (16 ore).

Giugno 18 2004

Amsterdam (The Netherlands) Seminar for ACTA Endodontic Specialists (3 ore). Coronal leakage. Reasons for root canal failures. Histologic features in endodontic success.

Novembre 12 2004

Verona. Congresso Nazionale SIE. Trattamento endodontico in una o più sedute. Basi biologiche e microbiologiche. (Tavola rotonda).

Marzo 17 2005

Roma. Congresso del Collegio dei Docenti. Corso sulle Scienze di base in Endodonzia (90 min).

Maggio 28 2005

Messina. Congresso Regionale Società Siciliana di Endodonzia. Determinanti biologiche nel successo e nell'insuccesso endodontico (45 min).

Settembre 22-23 2005

Crotone, Centro Studi Dentalia. Corso teorico-pratico di Endodonzia (16 ore).

Novembre 25 2005

Palermo. ANDI 1° Convegno Regionale. Basi biologiche e microbiologiche in odontoiatria restaurativa e in endodonzia (3 ore).

Novembre 26 2005

CURRICULUM VITAE: DOMENICO RICUCCI

Roma. Congresso Nazionale SIE. Infezioni persistenti intra ed extraradicolari come cause principali di insuccesso endodontico (30 min).

Gennaio 20 2006

Cagliari. Università degli Studi. Facoltà di Odontoiatria. Problematiche biologiche in Endodonzia (3 ore).

Gennaio 21 2006

Cagliari. Cenacolo Odontostomatologico. Argomenti controversi in Odontoiatria Conservativa e in Endodonzia (8 ore).

Marzo 3 2006

London (UK) Seminar for Endodontic Postdoctoral Students. The role of endodontic histology in current research (2 hrs).

Marzo 9 2006

Malmö (Sweden). Dept. Of Oral Biology – Faculty of Odontology. Seminar: Histobacteriology of pulpal and periapical disease (2 hrs).

Maggio 6 2006

Roma. S.E.R. Importanza dello stato microbiologico preoperatorio nel piano di trattamento dell'elemento gravemente compromesso (30 min).

Maggio 13 2006

Pescara. ANDI. Aggiornamenti in Endodonzia (8 ore).

Luglio 14-15; Settembre 8-9; Ottobre 20-21 2006

Crotone. Centro Studi Dentalia. Corso pratico di Endodonzia di base (48 ore).

Ottobre 10-12 2006

Lima, Peru. XXXI Jornada Nacional Sociedad Peruana de Endodonzia. Aspectos biologicos en Odontología Restauradora y Endodonzia (6 ore).

Ottobre 27-28 2006

Guadalajara, Mexico. XXV Reunion regional de Endodonzia Preventive endodontics. Direct and indirect pulp capping. Etiology of root canal failures (course) (6 ore).

Novembre 24-25 2006

Crotone. Centro Studi Dentalia. Corso pratico avanzato di Endodonzia (16 ore).

Maggio 12 2007

Roma. S.E.R. Endodonzia preventiva: quando è possibile mantenere la vitalità pulpare (25 min).

CURRICULUM VITAE: DOMENICO RICUCCI

Giugno 20 2007

Copanello (CZ). SIE. Closed Meeting 2007. Etiologia dei fallimenti endodontici (1ora).

Novembre 16 2007

Napoli. 28° Congresso Nazionale S.I.E. Mantenimento della vitalità pulpare. Indicazioni cliniche e linee guida (2 ore).

Maggio 10 2008

London (UK). Langham Endodontic Study Group. Tissue response to disease and operative procedures (6 ore).

Giugno 14 2008

Ragusa. ANDI. La prevenzione del danno pulpare in Odontoiatria Operativa: Endodonzia Preventiva (8 ore).

Maggio 23-24 2008

Bogota (Colombia). 4° Congreso Internacional (12 ore).

Settembre 23 2008

University of Connecticut (USA). Seminar for Endodontic Postdoctoral Students (1 ora). Reasons for root canal treatment failures.

Gennaio 16-17 2009.

Basel (CH). SSE (Swiss Society for Endodontology) Congress. Where ends the root canal, where starts the periodontium (1.5 ore).

Ottobre 3 2009

Pescara. Congresso regionale ANDI Abruzzo. Aspetti microbiologici nelle affezioni pulpari e periapicali e strategie operative nel mantenimento dell'elemento singolo (4 ore).

Ottobre 17 2009

Farmington, CT (USA). Fourteenth International Symposium on Endodontic Biology. Histobacteriology of pulpal and periapical disease (2 Ore).

Novembre 14 2009

Wiesbaden (Germany). 1st scientific joint meeting of the German Endodontic Associations. Where ends the root canal, where starts the periodontium (2ore).

Marzo 25 2010

Craiova (Romania), 2nd International Congress of the Romanian Association of Endodontology (ARE). Periapical lesions: pathobiology and healing of apical tissues after root canal treatment (2ore).

Aprile 23-24 2010

Bologna (Italy). Edizioni Martina. Corso teorico di Conservativa/Endodonzia. I fondamenti biologici in Odontoiatria restaurativa e in Endodonzia (16 ore).

Maggio 8 2010

CURRICULUM VITAE: DOMENICO RICUCCI

Roma. Congresso della Società Romana di Endodonzia (SER). Fattori biologici nel determinismo dell'insuccesso endodontico (30 min).

Settembre 11 2010

Cagliari. Congresso Società Endodontica Sarda (SES). Aspetti biologici e microbiologici delle affezioni pulpari e periapicali: implicazioni cliniche (8 ore).

Novembre 12 2010

Verona. 31° Congresso della Società Italiana di Endodonzia. Ostacoli anatomici e microbiologici al raggiungimento della sterilità del sistema endodontico (30 min).

Febbraio 4-5 2011

Bologna. Università degli Studi di Bologna. Il Master di Endodonzia incontra il Dr. Domenico Ricucci. Aspetti biologici e microbiologici delle affezioni pulpari e periapicali. Implicazioni cliniche (4 ore).

Marzo 18-19 2011

Bologna (Italy). Edizioni Martina. Corso teorico di Conservativa/Endodonzia. I fondamenti biologici in Odontoiatria restaurativa e in Endodonzia (16 ore).

Aprile 15 2011

San Antonio, Texas (USA). Annual Session of the American Association of Endodontists (AAE). Endodontic Infections: Their Localization, Morphology and Impact on the Treatment Outcome (90 min).

Maggio 27-28 2011

Bologna (Italy). Edizioni Martina. Corso teorico di Odontoiatria Operativa/Implantologia. Elemento dentario gravemente compromesso: conservazione o Implantologia? (16 ore).

Giugno 10-11 2011

Veracruz (Mexico). Congreso Internacional de Endodoncia. Conferencista Magno: Domenico Ricucci. Temas biologicos (8 ore).

Giugno 16-18 2011

Salta (Argentina). V Congreso de Endodoncia del NOA (Noroeste Argentino). Histobacteriology of pulpal and periapical disease (8 ore).

Agosto 25,26,27 2011

Cartagena de Indias (Colombia). Congreso Asociación Ibero-latinoamericana de Endodoncia – XII Claide. Biological bases in Endodontics. (10 hrs).

Settembre 17 2011

Rome (Italy). 15th Biennial Congress of European Society of Endodontology (ESE). Lateral canals and apical ramifications. Tissue responses during the pulp degeneration process and their impact on the treatment outcome (20 min).

Marzo 2 2012

CURRICULUM VITAE: DOMENICO RICUCCI

Los Angeles (USA).. University of Southern California. Corso per il Postgraduate Program in Endodontics. Infection of the root canal system: what are the limits for contemporary techniques and materials? (3ore).

Marzo 4 2012

Los Angeles (USA). Southern California Academy of Endodontics (SCAE). Histobacteriology of pulp and periapical disease (4 ore).

Aprile 21 2012

Boston, Mass (USA). 2012 Annual Session of the American Association of Endodontists (AAE). Apical Pathosis: Histologic and Microbiologic Aspects That Influence the Response to Treatment Measures (90 min).

Maggio 19 2012

Mosca (Russia). VII Quintessence Symposium 2012. Lateral canals and apical ramifications. Tissue responses during the pulp degeneration process and their impact on the treatment outcome (60 min).

Settembre 11 2012

Guayaquil (Ecuador). VI Jornadas Sociedad de Endodoncistas del Guayas S.E.G. Histobacteriology of Pulpal and Periapical Pathology (8 ore).

Gennaio 19 2013

Bruxelles (Belgio). Flemish Society for Endodontics. Histobacteriology of Pulpal and Periapical Pathology (5 ore).

Marzo 16 2013

Maierato (VV) III Giornata SCE (Società Calabrese di Endodonzia). Rigenerazione pulpare: è un obiettivo possibile allo stato attuale? (30 min).

Luglio 11 2013

Rio de Janeiro (Brazil). 21° Congresso Internacional de Odontologia do Rio de Janeiro. What is really important to achieve the endodontic success (3 ore).

Luglio 12 2013

Rio de Janeiro (Brazil). PPGO Estácio de Sá University. Lateral canals in endodontic treatment (2 ore).

Ottobre 19 2013

Bucharest (Romania). Quintessence International Romania. Contemporary restorative dentistry and endodontics. An integrated biological and clinical view (6 ore).

Ottobre 30 2013

Buenos Aires (Argentina). Asociación Odontologica Argentina. 37^{as} Jornadas Internacionales. Contemporary techniques in the light of the biological bases in Endodontology. What is really important in achieving success (4 ore).

Novembre 23 2013

CURRICULUM VITAE: DOMENICO RICUCCI

Los Angeles (USA). Ostrow School of Dentistry of University of Southern California. The USC twelfth International Endodontic Symposium. Pulpal response to deep caries and pulp capping (90 min).

Febbraio 11 2014

Tel Aviv (Israel). GC International Congress. Biofilms in root canal infection. Lateral canals: the never-ending story. (2 ore).

Febbraio 28 2014

Bologna. Università Alma Mater Studiorum. Master in Endodonzia clinica. Rigenerazione pulpare. E' un obiettivo realistico oggi? (5 ore).

Maggio 5 2014

Belo Horizonte (Brazil). Canal 2014. Contemporary techniques in the light of the biological bases in Endodontology. What is really important in achieving success (2 ore).

Maggio 17 2014

Catanzaro (Italia). II Convegno Regionale S.O.C.I. L'Endodonzia: evoluzione tecnologica - reale vantaggio (30 min).

Giugno 20 2014

Toronto (Canada). 2014 Alumni day Toronto University. Endo Infections: Their Localization, Morphology, and Impact on Treatment Outcome (3 ore).

Ottobre 24 2014

Lima (Perù). 6to Congreso Internacional del Colegio Odontologico de Lima. Contemporary techniques in the light of the biological bases in Endodontology. What is really important in achieving success (4 ore).

Novembre 8 2014

Parma. Congresso Internazionale SIE. Localizzazione del biofilm batterico nel sistema canalare quale fattore cruciale nel successo delle procedure di disinfezione (40 min).

Novembre 15 2014

Moscow (Russia). International Symposium Quintessence of Endodontics. Contemporary techniques in the light of the biological bases in Endodontology. What is really important in achieving success (90 min).

Novembre 21-22 2014

Crotone. Alkmeon Dental School. Corso teorico-pratico di Endodonzia. 1° incontro (16 ore).

Dicembre 5-6 2014

Crotone. Alkmeon Dental School. Corso teorico-pratico di Endodonzia. 2° incontro (16 ore).

Gennaio 11 2015

CURRICULUM VITAE: DOMENICO RICUCCI

Nagoya, Giappone. Dr. Mitsuhiro Tsukiboshi Continuing Education. Biological aspects in prevention and treatment of pulp and periapical disease (8 ore).

Gennaio 23-24 2015

Crotone. Alkmeon Dental School. Corso teorico-pratico di Endodonzia. 3° incontro (16 ore).

Marzo 6-7 2015

Crotone. Alkmeon Dental School. Corso teorico-pratico di Endodonzia. 4° incontro (16 ore).

Marzo 14 2015

London (UK). British Endodontic Society Spring Meeting. Endo infections: their localization, morphology, and impact on treatment outcome (75 min).

Aprile 24-25 2015

Crotone. Alkmeon Dental School. Corso teorico-pratico di Endodonzia. 5° incontro (16 ore).

Maggio 9 2015

Seattle (USA). AAE Annual Meeting 2015. Apical periodontitis and bacterial biofilms: a strict interrelationship (90 min).

Maggio 11 2015

Richmond (USA). Virginia Commonwealth University. Seminar for postgraduate students. Root canal infections (3 hrs).

Maggio 21 2015

San José (Costarica). III Congreso Internacional Universidad de Costa Rica. Biological aspects in prevention and treatment of pulp disease (90 min).

Maggio 22 2015

San José (Costarica). III Congreso Internacional Universidad de Costa Rica. Course for endodontic specialists. Contemporary techniques in the light of the biological bases in Endodontology. What is really important in achieving success (4 ore).

June 3rd-6th 2015

Monterrey (Mexico). Congreso Asociación Mexicana de Endodoncia. “Biological aspects in prevention and treatment of pulp disease”. “Contemporary techniques in the light of the biological bases in Endodontology. What is really important in achieving success”. “Lateral canals: the neverending story” (6 hours).

Giugno 26-27 2015

Bucharest (Romania). Quintessence International Romania. Biological aspects in pulp and periapical disease (6 ore).

Luglio 4 2015

CURRICULUM VITAE: DOMENICO RICUCCI

Bilbao (Spain). Microscope Endodontic Center, Bilbao. Biological aspects in prevention and treatment of pulp and periapical disease (7 ore).

Agosto 23 2015

Taipei (Taiwan). 13th Annual Meeting of the Academy of Endodontology. Preventive Endodontics. Wound healing after RTC treatment. Root resorption (6ore).

Settembre 26 2015

Prague (Czech Republic). Annual Meeting of the Czech Society of Endodontics. Endo infections: their localization, morphology, and impact on treatment outcome (2 ore).

Ottobre 3 2015

Pisa. XXIII Congresso Nazionale AIE (Accademia Italiana di Endodonzia). Il sigillo coronale, successo e sopravvivenza del dente trattato endodonticamente: quale evidenza scientifica? (45 min).

Dicembre 3 2015

Cagliari (Italia). Master in Endodonzia Clinica dell'Università di Cagliari. Aspetti biologici nella prevenzione e trattamento delle malattie pulpari e periapicali (6 ore).

Dicembre 4 2015

Roma (Italia). Congresso Annuale della Società Italiana di Traumatologia Dentale (SIDT). Il presente della rigenerazione Dento-Pulpare (1 ora).

Gennaio 8-9 2016

Middelfart (Denmark). Danish Endodontic Society: Annual Meeting. Biofilms in endodontics (75 min). Wound healing of apical and periapical tissues following endodontic treatment (75 min).

Gennaio 28-29 2016

Dublin (Ireland). Irish Endodontic Society: Annual Scientific Meeting. From dentin crack to vertical root fracture. Histobacteriological and clinical aspects (1 ora). Coronal leakage: a real reason for root canal treatment failure or an overstated problem? (1 ora).

Marzo 5 2016

Moscow. Quintessence Russia. Theoretical course. Biological bases in restorative dentistry and endodontics (8 ore).

Marzo 6 2016

Moscow. Quintessence Russia. Practical course. Preventive endodontics and endodontic treatment (8 ore).

Aprile 7 2016

San Francisco (USA). AAE Annual Meeting 2016. Correlation between clinical symptoms and histology (60 min).

CURRICULUM VITAE: DOMENICO RICUCCI

Maggio 13 2016

Modena (Italy). Università degli Studi di Modena e Reggio Emilia. Seminario. Patologia pulpare e periapicale (4 ore).

Giugno 27 2016

Torino (Italy). Università degli Studi di Torino. Master in Clinical and Surgical Microendodontics. Seminar: "Challenging biofilms and apical periodontitis" (6 ore).

Luglio 15 2016

Timișoara (Romania). Școala Internațională de Vară de Endodonție 2016. Biological aspects in restorative dentistry and endodontics (8 ore).

Settembre 16 2016

Portland, OR (USA). Advanced Specialty Education Program in Endodontics – OHSU. Controversial aspects in Endodontics (3 ore).

Settembre 17– 18 2016

Portland, OR (USA). OHSU Marshall Baumgartner Endodontic Study Club. Biological aspects in prevention and treatment of pulp and periapical disease (8 ore).

Settembre 25 2016

Chisinau (Moldova). International Dental Conference. Preventive Endodontics. When and how pulp vitality can be maintained in deep caries lesions (2 ore).

October 8 2016

Leipzig (Germany). 30th Annual Meeting of the German Society of Operative Dentistry (DGZ). Impact of lateral canals and apical ramifications on endodontic treatment outcome (1 ora).

Ottobre 21 2016

Singapore. NUS – National University of Singapore. Seminar for Graduate students. Pulp and periradicular disease: from pathology to clinic (3 ore).

Ottobre 22 – 23 2016

Singapore. 10th Biennial Society of Endodontists Singapore - Malaysian Endodontic Society Joint Scientific Meeting. Correlation Between Clinical and Histologic Pulp Diagnosis. Wound healing after root canal treatment. Microbial and nonmicrobial reasons for RTC treatment failures (3 ore).

Novembre 11 2016

Frankfurt am Main (Germany). Deutscher Zahnärztag Mein Kongress. Obstacles in infected root canals (20 min).

Novembre 18 2016

Morgantown (West Virginia, USA). West Virginia University Mesaros lectureship. Biological aspects in prevention and treatment of pulp and periapical disease (8 ore).

CURRICULUM VITAE: DOMENICO RICUCCI

Gennaio 8 2017

Nagoya (Japan). Dr. Mitsuhiro Tsukiboshi Continuing Education. Challenging bacterial biofilms (8 ore).

Gennaio 20 2017

Berne (Switzerland). Swiss Society for Endodontology (SSE) International Congress. Correlation between clinical and histologic pulp diagnosis (45 min). Cracked tooth (45 min).

Febbraio 18 2017

Bologna. AIE – Accademia Italiana di Endodonzia. Corso di aggiornamento. La patologia pulpale e periapicale. Aspetti biologici e clinici (90 min).

Marzo 4 2017

Lamezia Terme (CZ). Giornata Endodontica Regionale Società Calabrese di Endodonzia (SCE). Endodonzia rigenerativa: possiamo realmente rigenerare l'organo pulpo-dentinale? (1 ora).

Marzo 11-12 2017

Moscow (Russia). Medical Consulting Group. Biological aspects in prevention and treatment of pulp and periapical disease (14 ore).

Marzo 18 2017

Bucharest (Romania). First International Congress of the Faculty of Dental medicine “Carol Davila”. Preventive Endodontics: when and how pulp vitality can be maintained in deep caries lesions (1 ora).

Aprile 7 2017

Ragusa. Dentiblea. Problematiche biologiche nella moderna restaurativa e endodonzia (2 ore).

Aprile 28 2017

New Orleans (USA). Annual meeting of the American Association of Endodontists (AAE). Biologically relevant root canal preparation (20 min).

Maggio 20 2017

Fiumana di Predappio (FC). IX Continuing Education AIE 2017. Patologia pulpale e periapicale (7 ore).

Giugno 2-3 2017

Santiago (Chile). International course of the Chilean Society of Endodontics. Critical review of contemporary regenerative endodontic procedures. Are we really regenerating the dentin-pulp complex? Cracked tooth: histobacteriological and clinical aspects. Lateral canals: the never-ending story. Microbial and non-microbial reasons for RTC treatment failures (6 ore).

Giugno 14 2017

Belo Horizonte (Brazil). “Canal 2017” Congreso Internacional de Endodontia. Endodontic biofilms: morphological and clinical aspects (1 ora).

CURRICULUM VITAE: DOMENICO RICUCCI

Giugno 23 2017

Torino (Italy). Università degli Studi di Torino. Master in Clinical and Surgical Microendodontics. Seminar: “Biological and clinical aspects in pulp and periapical disease” (7 ore).

Giugno 30 2017

Stresa (Italy). Dentalago International Meeting. Interrelationship between pulpal and periodontal tissue compartments. Biological and clinical aspects (1 ora).

Settembre 28 2017

Cagliari (Italy). Master in Endodonzia Clinica dell’Università degli studi di Cagliari. La patologia pulpare e periapicale (6 ore).

Ottobre 28 – 29 2017

St. Petersburg (Russia). Medical Consulting Group. Practical Endodontic Therapy. How biology meets the clinic (14 hrs).

Novembre 10 2017

Bologna (Italy). Congresso annual della Società Italiana di Endodonzia (SIE). Interazione tra organo pulpare e biomateriali (30 min).

Dicembre 7 2017

Los Angeles (USA). University of Southern California. Seminar for the Postgraduate Program in Endodontics. Strategies to control root canal infection (3 ore).

Dicembre 9 2017

Los Angeles (USA). The USC Sixteenth International Endodontic Symposium. Regenerative endodontic procedures. Are we really regenerating the dentin-pulp complex? (90 min).

Febbraio 17 2018

Bologna (Italy). Accademia Italiana di Endodonzia (AIE). Corso di aggiornamento. Dolore pulpare e parodontale: quadri clinici (45 min).

Marzo 17-18 2018

Moscow (Russia). Medical Consulting Group. Practical restorative and endodontic therapy: how biology meets the clinic (14 ore).

Aprile 16 2018

Torino (Italy). Università degli Studi di Torino. Master in Clinical and Surgical Microendodontics. Seminar: “Clinical-histological correlation of pulp and periradicular disease of endodontic origin” (4 hrs).

May 5th-6th 2018

Chisinau (Republic of Moldova). Advanced Dental Club. “Practical endodontic therapy: how biology meets the clinic” (16 hrs).

May 18th 2018

CURRICULUM VITAE: DOMENICO RICUCCI

Bruxelles (Belgium). Belgian Association for Endodontics and Traumatology (BAET) “Challenging bacterial biofilms” (16 hrs).

Giugno 14th 2018

Fiumana di Predappio (FC). IX Continuing Education AIE 2018. Patologia pulpare e periapicale (6 hrs).

Settembre 2–3 2018

Dnepropetrovsk (Ukraine). The role of the histology research in the contemporary Clinical Endodontics (16 ore).

Settembre 28 2018

Kiev (Ukraine). Annual Congress of the Ukrainian Endodontic Association. Challenging bacterial biofilms (8 hrs).

Ottobre 6 2018

Yokohama (Japan). 8th World Dental Meeting in Japan 2018. Preventive endodontics and the possibility to regenerate the dentin-pulp complex (70 min).

Ottobre 26 2018

Amsterdam (Netherlands). European Society for Endodontology (ESE) Research Meeting. Pulp-material interface in sound and carious teeth, inflammatory response and diagnostic issues (40 min).

Novembre 3 - 4 2018

Kiev (Ukraine). iDental Study. Biological aspects in prevention and treatment of pulp and periapical disease (16 ore).

Novembre 24 - 25 2018

Grozny (Chechnya). Iceberg Multifunctional Dental Center. Biological aspects in prevention and treatment of pulp and periapical disease (16 ore).

Gennaio 11 2019

Berlin (Germany). 7 Decades of Quintessence. 19th Endodontic Symposium / 17th VDZE Annual Conference. Lateral canals, apical pulp stump, periradicular space: what happens to the pulp tissue? (45 min).

Gennaio 24 2019

Dresden (Germany). Course in histotechnology and histopathology (6 ore).

Gennaio 25 2019

Dresden (Germany). Endodontie-Symposium Sachsen. Endodontic infections: their localization, morphology, and impact on treatment outcome (75 min).

Febbraio 11 2019

Cagliari (Italy). Master di II livello in Endodonzia Clinica e Chirurgica. La Patologia Endodontica (5 ore).

Marzo 2 2019

CURRICULUM VITAE: DOMENICO RICUCCI

Bilbao (Spain). Microscope Endodontic Center, Bilbao. Biological aspects in prevention and treatment of pulp and periapical disease (7 ore).

Marzo 5 2019

Riyadh (Saudi Arabia). 8th International Saudi Endodontic Society. Workshop: Regenerative endodontic procedures. Are we really regenerating the dentin-pulp complex? (3 ore).

Marzo 6 2019

Riyadh (Saudi Arabia). 8th International Saudi Endodontic Society. Endodontic infections: their localization, morphology, and impact on treatment outcome (45 min).

Etiology of root canal treatment failures. Controversial aspects concerning the possible role of extraradicular infection and of the “true cyst” (45 min).

Correlation between clinical and histologic pulp diagnosis. When maintaining pulp vitality in deep caries lesions is a realistic objective (45 min).

Marzo 16-17 2019

Tokyo (Japan). 10th Anniversary Congress 5-D Japan. Healing of pulp and periapical tissue. Lessons from histopathology (2 ore).

Aprile 1 2019

Torino (Italy). Università degli Studi di Torino. Master in Clinical and Surgical Microendodontics. Seminar: “Clinical-histological correlation of pulp and periradicular disease” (7 ore).

Aprile 6 2019

Napoli (Italy). Società Italiana di Endodonzia. Giornata Endodontica Macroarea Sud: “Endodonzia preventive e la possibilità di rigenerare l’organo pulpo-dentinale” (30 min).

Aprile 11 2019

Montreal (Canada). American Association of Endodontists (AAE) Annual Congress: “Are regenerative endodontics procedures working?” (30 min).

Maggio 18 2019

Roma (Italy). OHI-S Endodontics Congress “Aetiology of root canal treatment failures” (90 min).

Giugno 1-2 2019

Novosibirsk (Russian Federation). Biological aspects in prevention and treatment of pulp and periapical disease (16 ore).

Giugno 15 2019

Sant’Eufemia Lamezia, CZ (Italy). Le basi della moderna Conservativa ed Endodonzia. Introduzione alle tematiche biologiche (4 ore).

Settembre 6 - 7 2019

CURRICULUM VITAE: DOMENICO RICUCCI

Monterrey (Mexico). XIII Congreso Internacional de Endodoncia. Challenging bacterial biofilms (7 ore).

Settembre 20 – 21 2019

Prague (Czech Republic). 11th Congress of the Czech Society of Endodontics. Correlation between clinical and histologic pulp diagnoses. When maintaining pulp vitality in deep caries lesions is a realistic objective (7 ore).

Ottobre 5 - 6 2019

Samara (Russian Federation). Stom-education. The role of the histology research in the contemporary Clinical Endodontics (14 ore).

Novembre 16 - 17 2019

Stuttgart (Germany). 9th Annual Meeting of the German Society of Endodontics (DGET). The patency concept – critical appraisal from a histological point of view (90 min). Pulp reactions after direct pulp capping (90 min).

Novembre 23 2019

Moscow (Russian Federation). Zen Revolution Congress. The impact of Bioceramics in Vital Pulp Therapy and in the Endodontic Treatment (4 ore).

Novembre 30 - Dicembre 1 2019

Kuala Lumpur (Malaysia). 31st Annual Scientific Congress of the Malaysian Endodontic Society. Biological aspects in prevention and treatment of pulp and periapical disease (3 ore).

Dicembre 14 - 15 2019

Kiev (Ukraine). iDental Study. Challenging bacterial biofilms (8 ore). Vital Pulp Therapy and the possibility to maintain pulp vitality in cases with deep caries (8 ore).

Febbraio 1 - 2 2020

Thessaloniki (Greece). 23rd Panhellenic Symposium of Endodontics. Vital pulp therapy: when and how pulp vitality can be maintained in deep caries lesions (1 hr). Healing and failure after root canal treatment. The controversial role of lateral canals (1 hr). Apical surgery: it's real role in the contemporary endodontology (1 hr).

Febbraio 11 2020

Brescia (Italy). Università Brescia. Master in Endodonzia. Seminario. Aspetti biologici nella prevenzione e nel trattamento della malattia pulpare e periapicale (7 ore).

Marzo 7 - 8 2020

Irkutsk (Russian Federation). Dental Doctor Irkutsk. The role of the histology research in the contemporary Clinical Endodontics (16 hours).

Aprile 17 2020

Dr. Guillaume Jouanny interviews Dr. Domenico Ricucci on Instagram.

CURRICULUM VITAE: DOMENICO RICUCCI

Aprile 16 2020

Webinar for University of Brisbane, Adelaide, Perth (Australia), and New Zealand. Tissue response to deep caries. Vital pulp therapy (90 min).

Aprile 24 2020

Webinar for University of Southern California at San Francisco (UCSF) and University of Pacific (UOP). Vital pulp therapy and the possibility to maintain pulp vitality in deep caries lesions (90 min).

Aprile 28 2020

Webinar for Australian Universities. Endodontic infections. Reasons for root canal treatment failures (90 min).

Aprile 29 2020

Webinar for COA (Mexico). Bioceramic materials in Endodontics (30 min).

Aprile 30 2020

Quintessence Publishing. Quintessential Thursday #4 (30 min).

Maggio 1 2020

Hugo Sousa Dias and Friends. Webinar sessions. Lateral canals: the never-ending story (90 min).

Maggio 7 2020

Webinar for International Medical Training Center (IMCT) (Russian Federation). Dentin cracks: histopathologic aspects and treatment directives (90 min).

Maggio 21 2020

17th online Congress of the Society of Esthetic Dentistry in Romania (SSER). Vital Pulp Therapy and the possibility to maintain pulp vitality in teeth with deep caries (90 min).

Maggio 23 2020

Webinar for CEU Universidad Cardenal Herrera Valencia (Spain). Biological aspects in pulp and periapical disease (90 min).

Giugno 4 2020

Webinar for Italian Academy of Endodontics (AIE). Selective caries excavation and Vital Pulp Therapy (30 min).

Giugno 9 2020

Webinar for Oslo Endodontic Study Club (OESG) (Norway). Vital pulp therapy and the possibility to maintain pulp vitality in teeth with deep caries (90 min).

Giugno 10 2020

Webinar for University of Southern California (USC) (USA). Reasons for root canal treatment failure: microbial vs nonmicrobial causes (90 min).

Luglio 4 2020

CURRICULUM VITAE: DOMENICO RICUCCI

Webinar for International Medical Training Center (IMCT) (Russian Federation). Lateral canals: the never-ending story (90 min).

Luglio 8 2020

American Association of Endodontists (AAE). Webinar to residents nationwide. Caries progression and pulpal responses (90 min).

Luglio 9 2020

Webinar for Damascus University (Syria). Lateral canals and Apical terminus (90 min).

Luglio 16 2020

Webinar for EndoChat (Brazil). Deep caries and Vital pulp therapy (60 min).

Settembre 5 2020

Webinar for International Medical Training Center (IMCT) (Russian Federation). Regenerative endodontic procedures. Are we really regenerating the pulp-dentin complex? (90 min).

Settembre 19 2020

Tegernsee (Germany). Seattle Study Club Tegernsee (SSC). Challenging bacterial biofilms (7 ore).

Ottobre 16 2020

Webinar for “Prague Dental Days” organized by the Czech Dental Chamber. Vital pulp therapy and the possibility to maintain pulp vitality in deep caries lesions (1 ora).

Ottobre 24 2020

Webinar for International Medical Training Center (IMCT) (Russian Federation). Vital Pulp Therapy: indications and clinical protocols. Management of deep caries (2 ore).

Ottobre 31 2020

Webinar for International Medical Training Center (IMCT) (Russian Federation). The use of bioceramic materials in Vital Pulp Therapy and in Endodontics (2 ore).

Novembre 7th 2020

XL Congreso Internacional AMEAC 2020 Online. Regenerative endodontic procedures. Are we really regenerating the dentin-pulp complex? (80 min).
Interrelationship between pulpal and periodontal tissue compartments. Biological and clinical aspects (80 min).

Dicembre 7 2020

Universidad Nacional Autónoma de México (UNAM). Seminar for postgraduate students. The patency concept. Critical appraisal from a histologic point of view (2 ore).

CURRICULUM VITAE: DOMENICO RICUCCI

Dicembre 17 2020

1er Foro Internacional online de Endodoncia. Universidad San Francisco de Quito; Universidad Católica de Santiago de Guayaquil (Ecuador). Vital Pulp Therapy (80 min).

Febbraio 27 2021

Webinar for International Medical Training Center (IMCT) (Russian Federation). Management of deep caries lesions in adolescents. The challenge of Vital Pulp Therapy. Critical review of the Regeneration/Revascularization procedures (2 ore).

Marzo 5 2021

Endodontology 2021 – 34th Annual Board Review Course. University of Michigan, School of Dentistry. Virtual Meeting. Pulp and periapical diagnosis (90 min).

Aprile 17 2021

Canadian Dental Association. Manitoba Dental Association. The New World of Dentistry 2021. Virtual Meeting. Vital Pulp Therapy and the possibility to maintain pulp vitality in teeth with deep caries (120 min).

Aprile 21 2021

AAE Annual Meeting - American Association of Endodontists. Virtual event. Defining Irreversible Pulpitis in the Age of Tricalcium Silicates (Pre-recorded) (40 min).

Aprile 21 2021

AAE Annual Meeting - American Association of Endodontists. Virtual event. Etiology of Root Canal Treatment Failures: The Role of Persistent Infections and Root Canal Anatomy (Pre-recorded) (40 min).

Aprile 21 2021

AAE Annual Meeting - American Association of Endodontists. Virtual event. Fallacy or Fact - the Necessity of Patency (live) (90 min).

Aprile 24 2021

AAE Annual Meeting - American Association of Endodontists. Virtual event. Endodontic Outcomes What Should We Measure? (live) (20 min).

Aprile 30 2021

Brescia (Italy). Università Brescia. Master in Endodonzia. Seminario. Aspetti biologici nella prevenzione e nel trattamento della malattia pulpare e periapicale (7 ore).

Maggio 1 – 31 2021

Dentoki. “M-learning” Endo Season. Vital Pulp Therapy and the possibility to maintain pulp vitality in deep caries lesions (1 ora).

Maggio 21 2021

CURRICULUM VITAE: DOMENICO RICUCCI

LXX Reunión Dental de Provincia “Dr. Jaime Ávila Soto” Oaxaca 2021 (Mexico). Online Meeting. Endodontic infections. Localization, morphology, and impact on treatment outcome (2 ore).

Maggio 29 2021

Biologically based Endodontics. Series of webinars at OHI-S. Webinar 1. Tissue response to caries. The issue of depth of caries excavation. Facts and beliefs (2 ore).

Giugno 8 2021

OHI-S Congress. “Endodontics: from classic protocols to extreme.” The role of endodontics in the treatment of the large radiolucent lesions of the jaws (2 ore).

Giugno 16 2021

Biologically based Endodontics. Series of webinars at OHI-S. Webinar 2. Deep caries lesions and exposed pulp. Can “vital pulp therapy” measures maintain pulp vitality? (2 ore).

Giugno 26 2021

Biologically based Endodontics. Series of webinars at OHI-S. Webinar 3. Apical limit of root canal instrumentation and obturation. (2 ore).

Luglio 2 2021

Biologically based Endodontics. Series of webinars at OHI-S. Webinar 4. Lateral canals in endodontics. The never-ending story. (2 ore).

Luglio 10 2021

Biologically based Endodontics. Series of webinars at OHI-S. Webinar 5. Regenerative endodontic procedures. Are we really regenerating the dentin-pulp complex? (2 ore).

Settembre 1 2021

OHI-S. A series of five didactic videos. "Complex endodontics from Domenico Ricucci: 5 cases". Video 1: Biological and mechanical considerations in the multidisciplinary treatment of a cracked maxillary molar. Video 2: Complex endodontic retreatment of a crowned maxillary second premolar. Video 3: The pivotal role of endodontics in the multidisciplinary treatment of a maxillary molar. Video 4: Rehabilitation of a quadrant with direct and indirect restorations, maintaining pulp vitality. Video 5: Surgical management of a case with exuberant extraradicular infection, refractory to orthograde retreatment.

Ottobre 15 2021

Prague (Czech Republic). Prague Dental Days. International Congress. Challenging bacterial biofilms. From maintaining pulp vitality in deep caries to treatment of apical periodontitis lesion. (3 ore).

Ottobre 30 2021

The international Scientific Meeting of 30th Anniversary of Korean Academy of Endodontics (KAE). Maintaining pulp vitality in teeth with deep caries lesions. From histopathology to clinic. (3 ore).

Novembre 4 2021

Webinar for EndoChat (Brazil). Lateral canals: “the never-ending story”. (60 min).

Novembre 11 2021

Kiev (Ukraine). Annual Congress of the Ukrainian Endodontic Association. Biological aspects in prevention and treatment of pulp and periapical disease. (7 ore).

Novembre 20 2021

Dentoki (Russian Federation). Update in endo 2021 by Domenico Ricucci (online event) (3 ore).

ABSTRACTS:

Pascon EA, Sousa CJA, Ricucci D, Langeland K. Dentin and pulp tissue response to direct acid etching. American Association of Dental Research (AADR). Chicago, Ill, USA. March 2001. Abstract # 1247. Journal of Dental Research. Vol. 80. Special Issue (AADR Abstracts). January 2001.

Ricucci D, Pascon EA, Langeland K. Periapical Lesions: A Radiographic, Histological and Histobacteriological Study. Journal of Endodontics 28:264 (Abstract # PR41), March, 2002.

LETTERS TO EDITOR:

Ricucci D. Series of papers by Dr. L.S. Buchanan: The standardized-taper root canal preparation – Parts 1 to 6. International Endodontic Journal 34:411-413 ; 2001.

Ricucci D, Pascon EA, Pitt Ford TR, Langeland K. Response to letter to the editor by Sérgio Vitorino Cardoso, DDS, PhD. Oral Surgery, Oral Medicine, Oral Pathology, Oral Radiology and Endodontics 102:142-143; 2006.

TEACHING VIDEOS:

1999. Terapia Endodontica Pratica. Autori: Domenico Ricucci, Elizeu Alvaro Pascon, Alberto Arriola Valdés and Kaare Langeland. 2 cassette. Durata: 2 ore and 42 minutes.

LIBRI

1. Ricucci D. Patologia e Clinica Endodontica. Edizioni Martina, Bologna, 2009.
2. Ricucci D, Siqueira JF Jr. Endodontology. An integrated biological and clinical view. Quintessence International, Berlin, 2013. (Tradotto in Russo, 2015; Giapponese, 2016; Cinese, 2019).

CAPITOLI DI LIBRI

CURRICULUM VITAE: DOMENICO RICUCCI

1. Bergenholtz G, Ricucci D. Lesions of endodontic origin. In: Lindhe J, Lang NP, Karring T, eds. *Clinical Periodontology and Implant Dentistry*. 5th edn. Blackwell Munksgaard, Singapore, 2008, pp. 504-525.
2. Ricucci D. Síndrome do Dente Rachado. In: Lopes HP, Siqueira JF Jr. *Endodontia. Biologia e Técnica. Terceira Edição*. Guanabara Koogan, Rio de Janeiro, Brazil, 2010, pp. 923-930.
3. Ricucci D. Chronic periapical periodontitis. In: Patel S, Duncan HF, eds. *Pitt Ford's Problem-Based Learning in Endodontology*. Wiley-Blackwell, Singapore, 2011.
4. Ricucci D. Chronic periapical periodontitis with suppuration. In: Patel S, Duncan HF, eds. *Pitt Ford's Problem-Based Learning in Endodontology*. Wiley-Blackwell, Singapore, 2011.
5. Lin LM, Rosenberg P, Ricucci D. Inflammatory Odontogenic Cysts. In: *Cysts: Causes, Diagnosis and Treatment Options*. Nova Science Publishers, Inc. Hauppauge, New York, 2012.
6. Bjørndal L, Ricucci D. Pulp inflammation: From the reversible pulpitis to pulp necrosis during caries progression. In: *The Dental Pulp: Biology, Pathology, and Regenerative Therapies*. Springer Verlag, Berlin, 2014. Pp. 125-139.
7. Siqueira JF Jr, Ricucci D, Rôças IN. Bacterial biofilms and endodontic disease: Histobacteriological and molecular exploration. In: Chávez de Paz LE, Sedgley CM, Kishen A, eds. *The root canal biofilm*. Springer Verlag, Berlin, 2015. Pp. 103-125.
8. Bergenholtz G, Ricucci D, Siqueira JF Jr. Lesions of endodontic origin. In: Lindhe J, Lang NP. *Clinical Periodontology and Implant Dentistry*. 6th edn. Wiley Blackwell, Oxford, 2015. Pp. 472-501.

9. Bergenholtz G, Ricucci D, Siegrist-Guldener B, Zehnder M. Endodontics and Periodontics. In: Lindhe J, Lang NP. Clinical Periodontology and Implant Dentistry. 6th edn. Wiley Blackwell, Oxford, 2015. Pp. 830-860.
10. Patel S, Durack C, Ricucci D. Root Resorption. In: Hargreaves KM, Berman LH. Cohen's Pathways of the Pulp. Elsevier, St. Louis, 2016. Pp. 660-683.
11. Lin LM, Ricucci D, von Arx T. Guided Tissue Regeneration in Endodontic Surgery: Principle, Efficacy, and Complications. In: Complications in Endodontic Surgery - Prevention, Identification and Management. Springer 2014.
12. Lin LM, Loghin S, Ricucci D. Endodontic Treatment of Mature Teeth. In: Endodontic Prognosis. Clinical Guide for Optimal Treatment Outcome. Springer International Publishing, 2017. Pp. 43-63.
13. Huang GTJ, Ricucci D, Lin LM. Endodontic Infections in Incompletely Developed Teeth. In: Fouad AF. Endodontic Microbiology, Second Edition. 2017 John Wiley & Sons, Inc. pp. 311-339.
14. Andreasen JO, Løvschall H, Ricucci D. Response of Oral Tissues to Trauma. In: Andreasen JO. Textbook and Color Atlas of Traumatic Injuries to the Teeth. 5th Edition. John Wiley & Sons, Inc. 2017. In press.
15. Ricucci D, Pascon EA, Siqueira JF Jr. The Complexity of the Apical Anatomy. In: Basrani B, Versiani M, Sousa Neto M. Root Canal Anatomy in Permanent Dentition. Springer Science and Business Media Inc. 2018.
16. Siqueira JF Jr, Rôças IN, Ricucci D. Internal anatomy and instrumentation. In: Basrani B, Versiani M, Sousa Neto M. Root Canal Anatomy in Permanent Dentition. Springer Science and Business Media Inc. 2018.

CURRICULUM VITAE: DOMENICO RICUCCI

17. Siqueira JF Jr, Rôças IN, Ricucci D. Microbial and nonmicrobial etiologies of endodontic diseases. In: Rotstein I, Ingle JI. Ingle's Endodontics 7. PMPH USA. Raleigh, NC. 2019. Pp. 85-109.
18. Ricucci D, Rôças IN, Siqueira JF Jr. Periradicular disease. In: Rotstein I, Ingle JI. Ingle's Endodontics 7. PMPH USA. Raleigh, NC. 2019. Pp. 167-200.
19. Siqueira JF Jr, Rôças IN, Armada L, Ricucci D. Biologia pulpar e Perirradicular. In: Lopes HP, Siqueira JF Jr. Endodontia. Biologia e Técnica. Quinta Edição. Guanabara Koogan. Rio de Janeiro, 2020. Pp. 2-12.
20. Siqueira JF Jr, Rôças IN, Pires FR, Ricucci D. Patologia pulpar e Perirradicular. In: Lopes HP, Siqueira JF Jr. Endodontia. Biologia e Técnica. Quinta Edição. Guanabara Koogan. Rio de Janeiro, 2020. Pp. 13-49.
21. Ricucci D, Siqueira JF Jr. Reparação Pós-Tratamento Endodôntico. In: Lopes HP, Siqueira JF Jr. Endodontia. Biologia e Técnica. Quinta Edição. Guanabara Koogan. Rio de Janeiro, 2020. Pp. 572-586.
22. Ricucci D. Síndrome do Dente Rachado. In: Lopes HP, Siqueira JF Jr. Endodontia. Biologia e Técnica. Quinta Edição. Guanabara Koogan. Rio de Janeiro, 2020. Pp. 800-805.
23. Rôças IN, Ricucci D, Siqueira JF Jr. The disease: clinical manifestations and pathophysiology of apical periodontitis. In: Siqueira JF Jr, Rôças IN. Treatment of Endodontic Infections. 2nd Edition. Quintessence Publishing, Berlin, Germany, 2022, pp. 67-104.
24. Rôças IN, Ricucci D, Siqueira JF Jr. Causes of endodontic treatment failure. In: Siqueira JF Jr, Rôças IN. Treatment of Endodontic Infections. 2nd Edition. Quintessence Publishing, Berlin, Germany, 2022, pp. 151-181.

Riconoscimenti

2008. Honorary Member of Istituto Colombiano de Endodoncia.

2011. Honorary member of the Romanian Association of Endodontics.

2011. Fellow of the International Academy for Rotary Endodontics.

2017. Louis I. Grossman International Award of the French Society of Endodontics.

2023. Louis I. Grossman International Award of the American Association of Endodontists. This award recognizes an author for cumulative publication of significant research studies that have made an extraordinary contribution to Endodontology.
